ABOUT ME

Hi, I'm a Digi. I live pretty much everywhere that digital technology is. I guess you could call me obsessed with it—but it's a healthy obsession. In addition to my love for everything digital, I'm really into the movie, Tron. I also really like speed skating and learning about rocks from a community class I attend on Saturdays. Oh, and I'm not the only Digi. There are tons of us out there, each doing our own thing. One of us really likes to help people make birthday cakes. Couldn't tell you why, but I know who to go to whenever I need something sweet!

MUSIC/VIDEO

I'm a rock star! Check out my sweet moves with the video player below. If you see little bubbles pop up over my head, that's my way of singing. It's great. I don't ever have to worry about being in tune.

COMMENTS

I'm really into communicating with people, so make sure you leave me a comment! It's really easy, and I'd love to hear from you. Just type in something in the box right over there and hit submit!
