If any Section(s) or Subsection(s) of this tariff differ or do not specifically list the Service Standard, or as they may be amended from time to time by the Commission, the Minimum Telephone Service Standards shall take precedence and supersede any tariff language. These rights and responsibilities include complaint handling, ordering or changing service, service repair, payment of bills, and disconnection and reconnection of service.

2.1.1 Scope

1. The Company undertakes to furnish communications service in connection with one-way and/or two-way information transmission between points within the State of Ohio under the terms of this Tariff.

2. Customers may use services and facilities provided under this Tariff to obtain access to services offered by other service providers. The Company is responsible under this Tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

3. The Company’s obligation to furnish service or to continue to furnish service is dependent on its ability to obtain, retain and maintain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary poles lines, circuits and equipment and to provide for the installation of those facilities required incident to the furnishing and maintenance of that service.

4. The regulations covering the connection of equipment, accessories or facilities provided and maintained by the Customer are contained in other sections of this Tariff.

2.1.2 Shortage of Equipment or Facilities

1. The Company reserves the right to limit or allocate the use of existing facilities that it deems necessary to manage the lack of facilities or to manage a facility shortage due to some other cause beyond the Company’s control. The Company will not provide additional service or connect new service to any Customer that would contribute to a shortage condition until the problem has been identified and rectified. The Company will incur no liability for call interruptions resulting from the Company’s efforts to avoid degradation.

SECTION 2 - Regulations

2.1 Undertaking of the Company, cont’d.

2.1.2 Shortage of Equipment or Facilities, cont’d.

2. The furnishing of service under this Tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the availability and capacity of the Company's fiber optic cable and other facilities as well as facilities the Company may, from time to time, obtain from other carriers to furnish service as required at the sole discretion of the Company.

3. The furnishing of service under this tariff is subject to the availability to the Company of adequate numbering resources and may be subject to the Company's implementation of interconnection arrangements with incumbent local exchange carriers in Ohio.

2.1.3 Terms and Conditions

1. Except as otherwise provided herein, service is provided and billed on the basis of a minimum period of at least one month, and shall continue to be provided until cancelled by the Customer. Unless otherwise specified herein, for the purpose of computing charges in this Tariff, a month is considered to have 30 days. All calculations of dates set forth in this Tariff shall be based on calendar days, unless otherwise specified herein.

2. Customers may be required to enter into written Service Orders which shall contain or reference the name of the Customer, a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff.

3. At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon 30 days written notice. Any termination shall not relieve Customer of its obligation to pay any charges incurred under the Service Order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the Service Order shall survive such termination.

4. This tariff shall be interpreted and governed by the laws of the State of Ohio without regard for the State's choice of laws provisions.

5. Another telephone company must not interfere with the right of any person or entity to obtain service directly from the Company.

6. Cox will reserve the telephone numbers for Customer's new telephone service. Reserved telephone numbers may change prior to the time of installation of service. Customers shall not use, publish or advertise reserved numbers until service has been activated. Customer is solely responsible for any expense or loss resulting from Customer's use, publication or dissemination of these numbers. The Customer has no property right in the telephone number associated with Cox telephone service; however, if Customer ports telephone numbers from another carrier to Cox, subject to federal or state law, or telephony industry guidelines, Cox will use such numbers with Customer's telephone service. After activation, Cox reserves the right to change telephone numbers subject to federal or state law, or telephony industry guidelines.

7. The Customer agrees to operate any Company-provided equipment in accordance with instructions of the Company or the Company's agent. Failure to do so will void Company liability for interruption of service and may make the Customer responsible for damage to Company-provided equipment pursuant to section 2.1.3.8 below.

8. The Customer agrees to return to the Company all Company-provided equipment delivered to Customer within five (5) days of termination of the service in connection with which the equipment was used. 1. Delays or Interruption of Service - The Customer assumes all risk for damages arising out of delays in installation of service or facilities, mistakes, omissions, interruptions, delays, errors or defects in transmission, failures or defects in equipment or facilities furnished by the Company or arising out of failure of the Company to maintain proper standards of maintenance of operations or to exercise reasonable supervision, except as noted in Section 2.6.1, following.

2. The maximum credit allowable with respect to Basic Local Exchange Service shall not exceed the amount of Basic Local Exchange Service and expanded calling scope charges during a single billing period. The liability of the Company for damages shall in no event, by reason of any delays, interruptions, omissions, errors, failures or defects in installation or service, exceed an amount equal to the Customer’s Basic Local Exchange Service and expanded local calling scope charges for a regular billing period with respect to such delayed, defective or interrupted Basic Local Exchange Service. No other liability shall in any way attach to the company in consideration of such delays or interruptions. The Company will not be liable for any loss or damage, nor for any impairment or failure of service arising from or in connection with the use of Customer-owned facilities or equipment.

3. The Company's liability for willful misconduct, if established as a result of judicial or administrative proceedings, is not limited by this tariff. The Company's liability, if any, with regard to delayed installation of Company facilities or commencement of service, shall not exceed $1,000. With respect to any other claim or suit, by a Customer or by any others, for damages (including any such claim or suit arising out of or related to the reservation of any specific number for use with a service), associated with the "ordinary" installation (including delays thereof) provision, termination, maintenance, repair, interruption or restoration of any service or facilities offered under this tariff, and subject to the provisions of Section 2.6, the Company's liability, if any, shall be limited as provided herein.

During such period of temporary discontinuance, credit allowance for service interruptions as set forth in Section 2.6 following is not applicable.

The Company may require Customers to establish financial responsibility as a condition precedent to establishing service. Both may rely on pertinent information obtained from credit reporting bureaus in determining whether creditworthiness grounds need be established. However, a Customer cannot be denied service, on creditworthiness grounds, unless the Customer has been provided an opportunity to establish financial responsibility through every means available for doing so provided for in O.A.C. 4901:1-6 and 4901:1-17. These charges may appear as separate line items on the Customer’s bill, as opposed to be included in the rates contained in the tariff. If an entity other than the Company imposes charges on the Company, in addition to its own internal costs, in connection with a service for which a Company Non-Recurring Charge is specified, those charges may be passed on to the Customer.

---

1 Pending the conclusion of any challenge to a jurisdiction’s right to impose a gross receipts tax, the Company may elect to impose and collect a surcharge covering such taxes, unless otherwise constrained by court order or direction, or it may elect not to impose and collect the surcharge. If it has collected a surcharge and the challenged tax is found to have been invalid and unenforceable, the Company will credit or refund such amounts to affected Customers, if the funds collected were retained by the Company or if they were delivered over to the taxing jurisdiction and returned to the Company.
