2.7 Billing and Payment for Service (cont'd)

2.7.1 Responsibility for Charges(cont'd)

2.7.2 Payment for Service

All charges due by the Customer are payable to the Company or any agent duly authorized to receive such payments. Adjustments to Customers' bills shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.

2.7.3 Late Payment Fees

If the Company does not receive any portion of the payment, or if any portion of the payment is received by the Company in funds not immediately available, by the following month's bill date, then a late payment penalty shall be due the Company. Any applicable return check charges will be assessed according to the terms and conditions of the Company or its billing agent.

2.7.5 High Toll Usage-Residential

If a residential Customer in any single month accrues toll charges in excess of twice the average monthly toll charges of the Company's Customers in the same class of service or twice the actual monthly average of the individual Customer's charges, the Company will review the Customer's previous billing and payment history. If such review indicates that it is unlikely the Customer shall be able to pay such bill, the Company may contact the Customer to make inquiries concerning the abnormal usage. If the explanation is not satisfactory, the Company may require a security payment (in addition to any deposit required for establishment of service as set forth in 2.8, following) and/or payment of charges on the account to continue service. If the Company is unable to contact the Customer or the Customer fails to respond to the Company's messages or other communications to the customer, then the Company may place a toll restriction on the Customer's service.

If a Customer exceeds the average monthly toll charges of Company Customers in the same class of service and has exhibited a previous inability to pay such charges, the Company may impose toll control, where technically feasible, or a toll cap of \$100.00.

2.8 Deposits

2.8.1 Applicants for service or existing Customers who cannot establish a satisfactory credit standing with the Company may be required at any time to provide the Company a security deposit. The deposit requested will be in cash or the equivalent of cash, and will be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to:

- (a) two month's charges for a service or facility which has a minimum payment period of one month; or
- (b) the charges that would apply for the minimum payment period for a service or facility which has a minimum payment period of more than one month; except that the deposit may include an additional amount in event that a termination charge is applicable. In addition, the Company shall be entitled to require such an applicant or Customer to pay all its bills within a specified period of time, and to make such payments in cash or the equivalent of cash. At the Company's option, such deposit may be refunded to the Customer's account at any time. Also, the Company reserves the right to cease accepting and processing Service Orders after it has requested a security deposit and prior to the Customer's compliance with this request.

2.8.2 A residential applicant shall not be required to pay a deposit:

- (a) When the Company, at its discretion, verifies that an applicant had previous service with Cox or a Cox Affiliated Company and the applicant has maintained satisfactory credit, the applicant would obtain service without a deposit or;

2.8 Deposits, (cont'd)

2.8.2 A residential applicant shall not be required to pay a deposit: (cont'd.)

- (b) When the Company, at its discretion, verifies that an applicant had previous service with any telecommunications service provider in the State of Virginia for the same type of service within the last two years and the Company also verifies through regional and/or national data exchanges that the applicant's payment record was satisfactory, applicant would obtain service without a deposit. If the applicant had been delinquent in the payment of a telecommunications service provider account on more than two (2) occasions within the past 12 months, presented a dishonored check for payment of a telecommunications service account within the past 12 months or had service disconnected due to nonpayment as reported in the regional and/or national data exchanges within the past 12 months, the Company may require a deposit prior to delivery of telephone service; or
- (c) When the Company, at its discretion, verifies satisfactory credit information derived from a national credit bureau agency(s), the Company will not require a deposit or if applicant provides pertinent information to their credit standing in the form of one of the following:
 - 1.) By providing a written guarantee, acceptable to Cox,
 - 2.) By providing a cosigner or guarantor, acceptable to Cox.

2.8.3 The amount of the deposit for residential customers shall not exceed an amount equal to two (2) months local exchange charges and/or two (2) months toll charges determined by actual or anticipated usage.

2.8.4 Where a residential customer's deposit exceeds \$40, the customer may arrange to make the payment over three billing periods. However, the Company may allow a residential customer to extend the payments of any required deposit over a longer period of time to avoid undue hardship.

Intrastate Service

2 - Rules and Regulations, cont'd.

2.8 Deposits, (cont'd)

- 2.8.5 A present customer may be required to post a deposit as a condition of continued service if disputed charges have become delinquent, meaning a payment not received on or before the due date as posted on the bill, in two (2) out of the last twelve (12) billing periods or if the customer has had service disconnected during the last twelve (12) months or has presented a check to Cox that was subsequently dishonored or if the Customer's toll usage has increased beyond the amount of the original deposit.

Interest on cash deposits shall be paid by Cox at no less than the rate calculated as follows:

For all consumers deposits kept longer than 90 days, the interest rate shall be established the 1st day of January of each year to equal the average of the weekly percent annual yields of one (1) year U.S. Treasury Securities for October, November and December of the preceding year. The interest rate shall be rounded to the nearest basis point. Such interest shall be calculated to December 1 of each year, and the payment shall be made by credit to customers' account on the December billing or at the request of the customer, the payment shall be made directly to the customer.

- 2.8.6 If a refund of the deposit is made within ninety (90) days of receipt of the deposit, no interest payment shall be made. If Cox retains the deposit more than ninety (90) days, payment of interest shall be made retroactive to the date of deposit. No interest shall accrue on a deposit after discontinuance of service. Cox will provide payment of accrued interest for all end-users annually by negotiable instrument or by credit against current billing.
- 2.8.7 The deposit shall cease to draw interest on the date it is returned or credited to the end user's account.
- 2.8.8 In determining the amount of any deposit, no charges for estimated telephone directory advertising will be used.

2 - Rules and Regulations, cont'd.

2.8 Deposits, (cont'd)

- 2.8.9 The amount of the deposit, with accrued interest, shall be applied to any unpaid charges at the time of a discontinuance of services. The balance, if any, shall be returned to the customer within thirty (30) days after settlement of the consumer's account, either in person or by mailing it to the end-user's last known address.
- 2.8.10 If service is not connected, or after disconnection of service, Cox shall promptly and automatically refund the customer's deposit plus accrued interest on the balance, if any, in excess of the unpaid bills for service furnished. A transfer of service from one (1) premises to another within the area of Cox shall not be deemed a disconnection within the meaning of this rule, and no additional deposit may be required unless otherwise permitted by these rules.
- 2.8.11 Cox shall automatically refund the deposit for residential service, with accrued interest, after twelve (12) months satisfactory payment of undisputed charges and where payment was not late more than twice provided, however, that service has not been disconnected within the twelve (12) month period. Payment of a charge shall be deemed satisfactory if received on or prior to the date the bill is due. Payment of a charge shall be deemed not satisfactory if made by a check, credit card or other negotiable instrument acceptable to the Company that is subsequently dishonored or refused. If the customer does not meet these refund criteria, the deposit and interest may be retained in accordance with subsection 5. and 6. of this Section.
- 2.8.12 Cox shall automatically refund the deposit for residential service, with accrued interest, after twelve (12) months satisfactory payment of undisputed charges and where payment was not late more than twice, provided, however, that service has not been disconnected within the twelve (12) month period. Payment of a charge shall be deemed satisfactory if received on or prior to the date the bill is due. Payment of a charge shall be deemed not satisfactory if made by a check that is subsequently dishonored. Cox may withhold refund or return of the deposit, pending the resolution of a dispute with respect to charges secured by the deposit. If the customer does not meet these refund criteria, the deposit and interest may be retained in accordance with subsections 5. and 6. of this section.

2 - Rules and Regulations, cont'd.

2.8 Deposits, (cont'd)

2.8.13 Cox will keep records to show:

- (a) The name, account number, and address of each depositor.
- (b) The amount and date of the deposit.
- (c) Each transaction concerning the deposit.

2.8.14 Cox will provide means whereby a Customer may verify a deposit has been paid.

2.8.15 Such record shall be retained for two (2) years after deposit and/or interest is refunded or applied.

2.8.16 The deposit made by the end user with Cox at the time of application for telephone service shall not constitute an advance payment to cover service bills, but for all purposes it is to be considered as security for the payment of monthly bills or other proper charges.

2.8.17 If as a result of a Customer's bankruptcy filing, the Company is required to write off debts owed to it by the Customer, and the Customer requests to continue service, the Company has the right to collect a deposit. If the Company is not listed as a creditor in the bankruptcy, the Company is no longer obligated to continue providing service. If the Company is listed as a creditor in the Customer's bankruptcy proceeding, the Company will continue to provide service so long as the Customer pays the requested deposit.

Intrastate Service

2 - Rules and Regulations, cont'd.

2.9 Advance Payments

To safeguard its interests, the Company may require a Customer to make an Advance Payment before services and facilities are furnished. The Advance Payment will not exceed an amount equal to the Non-Recurring Charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the Advance Payment may also include an amount equal to the estimated Non-Recurring Charges for the special construction and Recurring Charges (if any) for a period to be set between the Company and the Customer. The Advance Payment will be credited to the Customer's initial bill. An Advance Payment may be required in addition to a deposit.

2.10 Taxes and Fees

Taxes: The Customer is responsible for the payment of any sales, use, gross receipts, excise, access or other local, state and federal taxes, charges or surcharges (however designated) excluding taxes on the Company's net income imposed on or based upon the provision of Local Exchange Service, all of which shall be separately designated on the Company's invoices. Any taxes imposed by a local jurisdiction (e.g., County and municipal taxes) will only be recovered from those Customers residing in the affected jurisdictions. It shall be the responsibility of the Customer to pay any such taxes that subsequently become applicable retroactively.

A surcharge is imposed on all charges for service originating at addresses in states which levy, or assert a claim of right to levy, a gross receipts tax on the Company's operations in any such state, or a tax on interstate access charges incurred by the Company for originating access to telephone exchanges in that state. This surcharge is based on the particular state's receipts tax and other state taxes imposed directly or indirectly upon the Company by virtue of, and measured by, the gross receipts or revenues of the Company in that state and/or payment of interstate access charges in that state. The surcharge will be shown as a separate line item on the Customer's monthly invoice.

Pending the conclusion of any challenge to a jurisdiction's right to impose a gross receipts tax, the Company may elect to impose and collect a surcharge covering such taxes, unless otherwise constrained by court order or direction, or it may elect not to impose and collect the surcharge. If it has collected a surcharge and the challenged tax is found to have been invalid and unenforceable, the Company will credit or refund such amounts to affected Customers (less its reasonable administrative costs), if the funds collected were retained by the Company or if they were delivered over to the taxing jurisdiction and returned to the Company.

Intrastate Service

2 - Rules and Regulations, cont'd.

2.11 Terminal Equipment

The Company's facilities and service may be used with or terminated in terminal equipment or communications systems such as a PBX, key system, single line telephone, or pay telephone. Such terminal equipment shall be furnished and maintained at the expense of the Customer. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of Cox's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry.

2.12 Interconnection

- 2.12.1 Service furnished by the Company may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to technical limitations established by the Company. Service furnished by the Company is not part of a joint undertaking with such other common carriers or systems. The Company does not undertake to provide any special facilities, equipment, or services to enable the Customer to interconnect the facilities or the equipment of the Company with services or facilities of other common carriers or with private systems.
- 2.12.2 Interconnection with the services or facilities of other common carriers shall be under the applicable terms and conditions of this tariff and the other common carrier's tariffs.
- 2.12.3 The Customer shall ensure that the facilities or equipment provided by the Customer are properly interconnected with the facilities or equipment of the Company. If the Customer maintains or operates the interconnected facilities or equipment in a manner which results or may result in harm to the Company's facilities, equipment, personnel, or the quality of service, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this written notice fails to eliminate the actual or potential harm, the Company may, upon written notice, terminate the existing service of the Customer.

Intrastate Service

2 - Rules and Regulations, cont'd.

2.13 Inspection, Testing and Adjustment

- 2.13.1 The Company may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the terms and conditions of this tariff are being complied with in the installation, operation or maintenance of the Customer's or the Company's facilities or equipment. The Company may interrupt service at any time, without penalty or liability, due to the departure from or reasonable suspicion of the departure from any of these terms and conditions.

- 2.13.2 Upon reasonable notice, the facilities or equipment provided by the Company shall be made available to the Company for such tests and adjustments as may be necessary for their maintenance in a condition satisfactory to the Company. No interruption allowance shall be granted for the time during which such tests and adjustments are made, unless such interruption exceeds twenty-four hours in length and is requested by the Customer.

Intrastate Service

2 - Rules and Regulations, cont'd.

2.14 Credit Allowances for Interruption of Service

Credit allowances for interruptions of service which are not due to the Company's inspection or testing, to the negligence of the Customer, or to the failure of channels, equipment and/or communications systems provided by the Customer, are subject to the general liability provisions set forth in this tariff.

Credit allowances for interruptions of service caused by service outages or deficiencies are limited to the initial minimum period call charges for re-establishing the interrupted call.

It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired by Customer. Before giving such notice, the Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by Customer.

Interruptions caused by Customer-provided or Company-provided automatic dialing equipment are not deemed an interruption of service as defined herein since the Customer has the option of using the long distance network via LEC access.

2.15 Cancellation by the Customer

The Customer may have service discontinued upon notification to the Company.
