

If you are moving your existing Cox Homelife services to a new residence, it is helpful to take inventory of all of your Cox-installed equipment prior to consulting with your Cox representative. Please indicate the quantity of each device **you plan to take with you to your new residence**, where Homelife service will be installed.

Any devices that are being utilized by Homelife, but part of a previously-installed security system, should not be removed or included as part of your Homelife device inventory. Only Homelife-installed devices should be considered.

Security Sensors and Devices

QTY	DEVICE TYPE	QTY	DEVICE TYPE
___	Door/Window Sensors	___	Water/Flood Sensors
___	Motion Sensors	___	Garage Door Sensors
___	Glass Break Sensors	___	Wireless Keypads
___	Smoke/Heat Sensors	___	Siren/WiFi Repeaters, Powerline Adapters
___	Carbon Monoxide Sensors	___	Other: _____

Monitoring Devices

QTY	DEVICE TYPE
___	Indoor Camera
___	Outdoor Camera
___	Continuous Video Recording Playback Adapter <i>(This would be connected to your Homelife Security Router)</i>

Home Automation Devices

QTY	DEVICE TYPE
___	Smart Door Locks
___	Smart Thermostats
___	Smart LED Light Bulbs
___	Smart Plugs

** Please note that any Cox-installed devices that you wish to have removed by a Cox technician will not be replaced by another device in its place (i.e., thermostats, door locks). That is the responsibility of the homeowner.*

Other Considerations

Where is your Homelife **Touchscreen Control Panel** currently located? _____

Where is your Homelife **Security Router** currently located? _____

About Your New Home

1. Is your new residence larger than 4000 square feet? Yes / No
2. Does your new residence have an existing security system? Yes / No
3. Would you like to add additional equipment to your system's configuration? Yes / No
4. Will you be mounting any cameras outside* at your new residence? Yes / No

** There is an additional charge for outdoor mounting and installation of Homelife cameras*
