Cox Voice is reliable, affordable, full of additional benefits and a fresh alternative to traditional phone service.

**Voice Mail/Readable Voice Mail**
Easily access your messages, or have them transcribed and sent to you via email.

**Eliminate Unwanted Interruptions**
Goodbye robocalls. Hello peace and quiet. Sign up for Nomorobo\textsuperscript{TM}, and the third-party service will automatically intercept and hang up on robocallers and telemarketers. Visit cox.com/learn for more information.

**Voice Everywhere App**
With the Cox Voice Everywhere App, you can access your home phone service with your smartphone.
EASY STEPS TO USE COX VOICE MAIL AND READABLE VOICE MAIL

With Cox Voice Mail, you can retrieve your messages by calling your voice mail number, using Voice Tools online, through email with readable voice mail or on your smartphone with the Cox Voice Everywhere App or the Cox Connect App.

Initial Voice Mail Activation
1. From your home, dial your home phone number or *298.
2. You will be asked to select your default language. Press 1 for English or 2 for Spanish.
3. Set a new PIN for your account. Your PIN must be between four and eight numbers. Enter your new PIN and press #.
4. Next, you will be asked to record your name.
5. Finally, you will be asked to either record a greeting or select the default system greeting that all callers to your mailbox will hear.

Your initial setup must be done from your Cox Voice line. To turn off voice mail, log in to Voice Tools and turn to off position. Where applicable, if you have caller ID block on your line, you will need to press *82 prior to dialing *298 to temporarily suspend the block.

Turn On Readable Voice Mail
1. Log in to Voice Tools.
2. Select “Settings.”
3. Select “Voice Mail.”
4. Select “Voice Mail Notification Options.”
5. Select “Change.”
7. Enter the email address where you would like your voice mail message sent.
8. Select “Audio” and/or “Text” to receive your recorded voice mail and converted text in an email.
9. Select “Submit.”
